

**2019 Beginners  
Summer Robotics Camp  
LEGO® Mindstorms EV3**

**July 8-11 9:00 a.m.-12:00 p.m. (check in begins at 8:45)**  
**Registration Deadline June 1, 2019**

**Size:** Limited to the first 50 students that return the online registration form.

**Location:** Marion Junior High Rm 104.

**Cost:** \$40 Payment due June 1, 2019 (Do not send in your payment until you receive confirmation of acceptance to the camp. Mail payment to Marion Junior High, % MJHS Robotics, 1609 W. Main St, Marion IL 62959)

This camp is open to incoming 4th-8th grade Marion Unit 2 students and is designed for students that have no, or very little, experience using the LEGO® Mindstorms EV3 program. If you can already use loops, switches and multitask on your own, this workshop **is not** for you.

During this camp participants will be introduced to the Lego Mindstorm EV3 Program and Robot and will learn to how to configure blocks, move:forward backwards and turn, move objects, detect colors, stop at lines, use loops, switches and multitask.
